

EXPERIENCE PROVIDENCE THIS FALL

Labs21 2011 Annual Conference

September 20–22, 2011
Rhode Island Convention Center
Providence, Rhode Island

Mark your calendar for the **Laboratories for the 21st Century (Labs21®) 2011 Annual Conference**. This premier event will host more than 700 laboratory owners, operators, engineers, architects, and manufacturers for a three-day information exchange on creating and maintaining sustainable laboratories.

Get Involved Early!

- **Pre-conference registration** is open May 2–September 9. Don't miss your chance to take part in the informative technical sessions, in-depth symposia, and networking opportunities available during this year's event.
- Now is the prime time to reserve a booth in the ever-expanding **Technology and Services Fair**. Discounts for early registration are available through May 31, so don't delay!
- **Sponsorship** ensures that your organization will receive maximum exposure. With opportunities starting at just \$500, becoming a sponsor is the perfect way to make a lasting impression.
