

International Institute for Sustainable Laboratories

I²SL Annual Conference Attendee Demographics

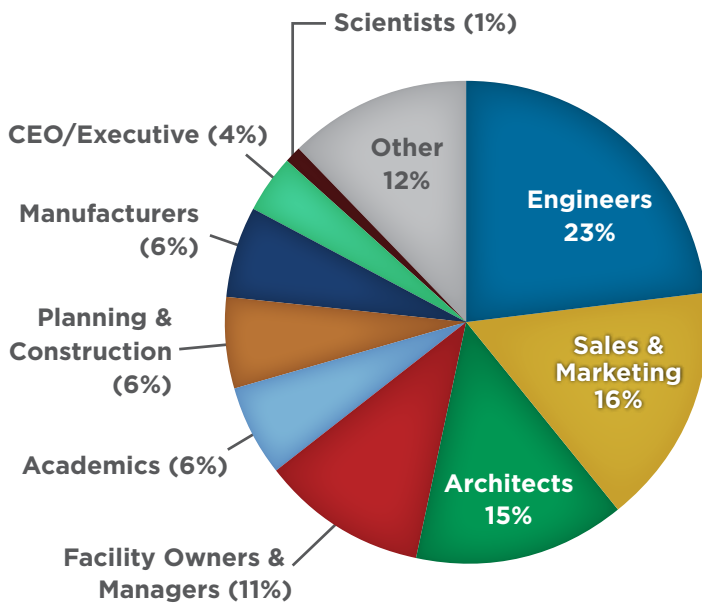

The International Institute for Sustainable Laboratories (I²SL[®]) Annual Conference is the **nation's premier gathering of sustainable laboratory and high-technology facility professionals** from around the world, including designers, architects, engineers, builders, owners, operators, and equipment manufacturers.

The event highlights **recent advancements in laboratory efficiency, technology, and performance** and provides the high-tech facility community with a unique forum for information exchange and education related to various facility types, including cleanrooms, hospitals and healthcare facilities, research and development facilities, science and technology parks, and data centers.

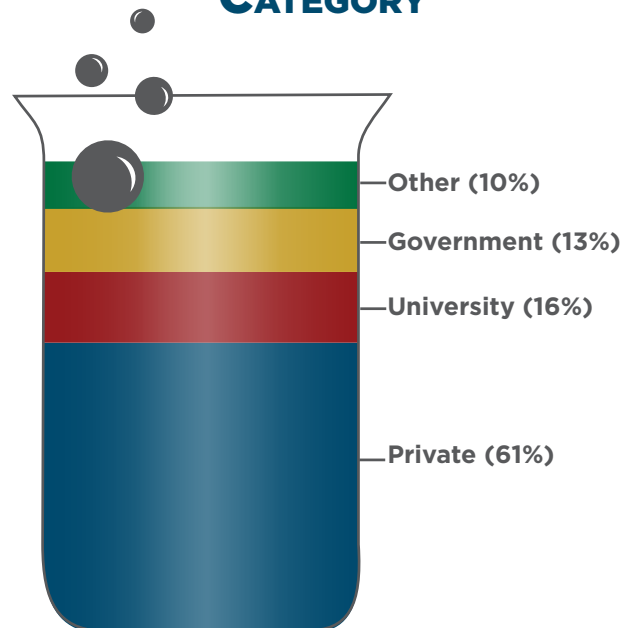

Over 60%
of attendees
are currently involved
in or starting a
project within the
next 12 months
