Don't miss out on the I2SL Georgia Chapter Winter Social. It's a fantastic opportunity to connect, learn, and share ideas with fellow innovators and leaders in the field.

We are honored to have guest speaker Chris Germann, VP of Thermal Recovery Systems. Chris loves to talk about laboratories, conservation, and the audacity that is the modern laboratory design, and that every CFM and therm is important.

Please come and bring a friend. Membership not required. Whether you're a long-time member or a newbie, this event is all about collaboration and connections. RSVP by Monday 1/5/26 @ <https://I2SL-GA-WinterSocial.eventbrite.com>
