

I²SL Chapter Resources

Distinguished Speakers for Chapter Events

Dear I²SL Chapter Officers,

Are you looking for an informative, engaging speaker for an I²SL Chapter event? I²SL HQ has compiled a list of [distinguished speakers](#) in the I²SL community from which we invite you to choose your next event speaker. Take a look at the list to learn more about each speaker's areas of expertise and to read his/her biography. The list of speakers is accessible from the [I²SL Chapter Resources](#) page.

If your chapter is interested in inviting one of our distinguished speakers to an event, [contact I²SL HQ](#) and we will pass the message along to the requested speaker who will then be able to discuss interest and availability directly with you.

I²SL hopes you will find this new resource helpful as you begin planning your 2015 chapter events. Please let us know if you have any questions.

Thanks,
Kate Consroe and Shannon Johnson
I²SL Chapter Coordinators

I²SL is dedicated to the design, engineering, and operation of high-performance, low-energy sustainable laboratories and related high-technology facilities.

I²SL is proud to host the [2015 I²SL Annual Conference](#), formerly the Labs21 Annual Conference.
