

I²SL Chapter Resources

March Mailing List Madness

Dear I²SL Chapter Officers,

March Madness is in full swing, and you can be an I²SL mailing list champion if you remember the following:

- I²SL HQ has a mailing list of 8,000 that is available to chapters to help you promote chapter activities and events and engage local contacts. When your chapter has an email to send, you can request an up-to-date list of regional contacts from I²SL HQ by emailing info@i2sl.org. (Please allow at least one business day for I²SL HQ to provide your mailing list.)
- I²SL HQ needs your help to maintain our master mailing list. Please send completed [event reports](#) to info@i2sl.org following chapter events, and also share any new contacts you receive outside of events that you would like to include in your mailing list.

I²SL hopes these efforts will help eliminate redundancy and provide a useful resource for your chapters. Please let us know if you have any questions!

Thank you for all you do for I²SL,
Kate Consroe and Shannon Johnson
I²SL Chapter Coordinators

I²SL is dedicated to the design, engineering, and operation of high-performance, low-energy sustainable laboratories and related high-technology facilities.

I²SL is proud to host the [2015 I²SL Annual Conference](#), formerly the Labs21 Annual Conference.
